## RED CROSS DRIVE FOR \$14,820 IN COUNTY BEGINS

A Red Cross supplement, depicting how the Red Cross strikes, is included with today's edition of The Times.

The Adams County Red Cross started off its 1948 fund campaign with \$177 in its pocket and with hope that it can near its goal of \$14,820 by the middle of March.

Some 300 workers swung into action today to begin the annual house to house campaign to raise funds for such activities as the national blood donor project as well as for the regular "normal" Red Cross functions such as disaster relief and the everyday home service assistance, clothing production and the like.

The customary \$100 check from Thomas Bateman, of Philadelphia, was the first contribution toward the current campaign. Bateman, a former resident of York Springs, always sends his check for \$100 to the York Springs district in time to permit that part of the county to have the honor of making the first contribution.

### Lincoln Teachers First

Lincoln school reported this morning that all teachers have enrolled in the Red Cross, making it the first school in the county to reach the 100 per cent mark in teacher donations during the current drive.

Other donations recorded today include \$10 from the Gettysburg chapter of the DAR, \$10 from Troop A Civic Association of the Pennsylvania State Police and \$25 from the Gettysburg Eagles Aerie.

One activity of the Red Cross, disaster relief, will be highlighted in a radio broadcast over the ABC network this evening at 8:30 o'clock, the local chapter was notified. Raymond Massey will serve as narrator for the half-hour program.

## Five Sundays In February; Next In 1976

Sunday was an unusual day. In its outward aspects there was little to differentiate it from any other Sunday in February. It could have snowed, but it didn't. It could have been a rainy day, but it wasn't. It was cold, but not too cold.

It was unique, however, in at least one respect. It was the fifth Sunday in February.

Not for 28 more years will there be another February with five Sundays. The last five-Sunday February was in 1920. The next one will be in 1976.

Temperatures dropped Saturday night and Sunday. A heavy ground fog blanketed this section early Saturday night but was blown away by a rising wind which sent the temperature downward.

It warmed up again Sunday, and it was the warmest February 29 since 1932. The mercury registered a high of 53 degrees. The low Sunday morning was 35. Four years ago, on February 29, 1944, an inch of snow fell.

The family picnic will be held in July, probably at the Arendtsville park, and a fall "Ladies Night" dinner and dance is tentatively set for October.

The following committees for the year were announced by Henry T. Bream, president of the club:

Entertainment: Kenneth P. Hull, chairman; Dr. R. D. Wickerham, Charles B. Bender, Joseph Heiny, Monroe Dellinger, Willis Weikert, Durrell Hess and James Mumper.

## LEAP YEAR FAILS TO SAVE CUPID'S FEB. BUSINESS

Leap year or no leap year, February was a poor month for Daniel Cupid, Esq.

In fact the little fellow whose arrows ordinarily keep the county clerk of courts busy filling out marriage applications today was quoted as saying he has not felt so bad since July, 1944.

The cause was the marriage license record for February. Only five couples applied during the month and not since July of 1944, in the middle of the war, has the number of applications here dropped so low.

One of the couples who applied in February started off March by getting a marriage license today. They are William Russell Mehring, son of Mrs. Claude Mehring, Littlestown, and Catherine Lorraine Spangler, daughter of Mr. and Mrs. Arlington Spangler, McSherrystown.

Looking back over the record, 16 licenses in January, 19 in December, 19 in November, 26 in October, 28 in September, 37 in August, and other figures through the past year, Cupid simply could not believe his powers had failed so badly during February.

"And leap year at that," he observed.

Incidentally, other low months included March, 1945, when six applications were made and October, 1944, when seven couples sought licenses. February, 1946, had 19 licenses and February of 1944 had 20. February 1945 was low with nine licenses that month.

This gospel assures us of the reality of a God at the center. God must be at the center of our personal life, our community life, our national life and our international life."

The service next Sunday evening will be in St. Paul's Lutheran church. The Rev. Grantas E. Hoopert has secured the Rev. O. B. At East Berlin the son of Mr. and Mrs. Edward Livingston arrived at 8 o'clock on the evening of February 28, just four hours short of the leap year day.

## MARCH LAMB RECEIVES COOL WELCOME HERE

This morning's eight-below-freezing might have been a little chilly for the March lamb in Gettysburg but there were few who would claim the month made a lion-like debut. A bright sun during the day gave more promise of the near approach of spring that will not arrive officially for three weeks. At 1 p. m. the temperature was 37 degrees.

Although the month of February in Gettysburg recorded unusually high and low temperatures, the month's average temperature wound up Sunday evening only a fraction of a degree above the long-range February normal.

The month was short on rainfall, however, with total precipitation amounting to only 1.6 inches, which is 1.06 inches below normal for the month. There were measurable amounts of rain or snow on only nine days and the month's four snowfalls totalled only nine inches.

68 Was Warmest  
Local weather records show that the coldest day of the month was February 11 when the mercury sank to two below zero. Freezing temperatures were recorded on 24 of the 29 days last month and on seven of those days the mercury stayed below the freezing point throughout the 24-hour period.

The warmest day was February 19 when a reading of 68 degrees was taken. Sixty-degree readings were taken on three other days.

Measurable amounts of rain fell on nine days but the month's total left 1948 slightly below normal on precipitation. January had a surplus of 99 inches.

Snow reached a total depth of nine inches here on February 6 after a snowfall that extended through parts of three days. By February 16 the snow had vanished and although there was a 4.5-inch snow fall on Washington's birthday, the ground was bare again by February 25 and remained so at the end of the month.

The local observer counted 10 clear, nine partly cloudy and 10 cloudy days last month.

## Maroons-Trojans Will Clash In Dickinson Floor Tuesday For Second Half Loop Title

Coach George Forney and his Gettysburg high school cagers will make their superb up-hill fight with a possible championship of the South Penn Interscholastic league when they clash with the powerful Chambersburg high Trojans Tuesday evening at 8 o'clock on the Dickinson college court, Carlisle, for the second half title.

Counted out by most fans when they dropped the opening second half game, the Maroons fought back gamely to sweep their remaining six loop contests to finish in a deadlock with the defending champions. During that string the Maroons handed Chambersburg a 35-1 defeat for the Franklin countess' only upset this year at the hands of a scholastic quintet.

Supremacy in the South Penn loop has been dominated by Chambersburg and Gettysburg for eight straight seasons. The Maroons topped the honors in 1941, 1942 and 1943 and went on to gain the District 3 PIAA honors in those years. Chambersburg then took over to top the title for four successive years and three district championships.

**Seek 5th Title**  
Chambersburg will have a double incentive for victory Tuesday night as a triumph will give them their fifth straight loop diadem. The Trojans won the first half race this season and a victory will give them the loop honors as well as the second half title.

On the other hand a Maroon win will give the Forney-men the second half honors and would necessitate another game for the league championship.

The performances of the local cagers in the last two weeks have greatly raised hopes for victory. After coming from behind to nip Carlisle, 39-36, two weeks ago, the Maroons gave an almost flawless exhibition in knocking Hanover out of the race, 59-54, at Hanover last Tuesday. The team continued its fine work by easily disposing of Hershey here Friday night, 56-42.

If the Forney-men can repeat the play they exhibited in these contests they will be a tough outfit to beat.

**Starting Lineups**  
Chambersburg will have a height advantage over the Maroons and also has a more abundant supply of first class reserves. However, the Forney-men hope to make up for this with their speed.

The opening lineups for Gettysburg will probably include Bill Bushman and Bruce Westerdahl, forwards; Guy Donaldson, center; Ken Fair and Bill Eisenhart, guards. Starters for Coach Lowell Schlichter will be: Kane and Kyler, forwards; Miner, center; Naugle and Waters, guards.

Tickets were placed on sale at the high school building today and the sale indicated hundreds of fans will accompany the team to Carlisle.

## Sports Roundup

**By HUGH FULLERTON, Jr.**  
**Miami, Fla., March 1 (AP)—**Okay, now we can play baseball. Coach Ray Blades figures the Buns have a good pitching prospect in John Hall, a rookie from Mobile who isn't even listed on the roster in the green book. . . . When Connie Mack, who has been suffering from a cold, drove from St. Petersburg to West Palm Beach and then stayed through the entire dog racing program, Coach Al Simmons came up with this highly original remark: "Mr. Mack is a remarkable man."

### MONDAY MATINEE

Notre Dame's Frank Leahy, who just ended a week's visit here, spent most of his time fishing, swimming and dodging folks who wanted to talk about football. . . . Chances are that Citation, the Flamingo winner, will be given a rest and won't start more than once before the Wood Memorial. The other Calumet Derby hopefuls will go to Kentucky when Ben and Jimmy Jones divide their forces. . . . Before he started north to raise the dough to pay off the bills for last week's Willie Pep-Humberto Sierra fight, Promoter (Kay) Kantowitz arranged an Orange Bowl "reservation" for another big fight next winter.

### EYE CATCHER

One sight that attracted almost as much attention as Citation at Hialeah Saturday was the hat worn by Mrs. Elmer Dale Shaffer, wife of the owner of the famed Coldstream stud. . . . It was a wide-brimmed affair made to represent a race course, with a green 'hedge' around the crown, a starting gate on one side, little fur and feather horses galloping around the brim and even a red odds board in the 'infield.' . . .

### SALESMAN HELD

Harrisburg, March 1 (AP)—Herbert S. Millard, New York curtain salesman, was being held in the Dauphin county jail today in default of \$500 bond on a charge of impersonating a federal officer. U. S. Commissioner Charles J. Ware said that Millard, of Forest Hills, N. Y., was arrested in Lebanon when he displayed an investigator's badge of the U. S. Treasury department.

## BULLETS WHIP LEHIGH 66-48 FOR 10TH WIN

Lehigh university became the tenth victim of the Gettysburg college cage squad Saturday night at Bethlehem, 66-48, as the Bullets bounced back into the win column after a three-game losing streak. The victory assures the locals of at least an even break for the season.

Presenting a well-balanced attack from both the field and the foul line, the Men-of-Bream outscored their opponents in every period except the first. Working on the two-team system again, Coach Bream used 12 men and all broke into the scoring except Fidler. Bob March, used sparingly because of a slight injury to his left thumb, took scoring honors for the locals with 11 points on four goals and three fouls. Geoly topped the Engineers with 13.

The all-Gettysburg five opened for the Bullets with Boehner and Fissel, converting from the foul line. Klucher tallied a side court set. Fair, a pair of fouls and Husovsky a long set to make it 4-0 before Gorman swished one from outside for Gettysburg's first field goal in the first three and one-half minutes of the game. Geoly and Russ Jones registered free throws and Husovsky a stab before Boehner uncorked a one-hander. Three quick goals near the end of the period by Geoly, Klucher and Conway gave the Brown and White a 14-8 margin at the close of the first period.

**Locals Move Ahead**  
With the new five, consisting of Harris, Pure, Lewis, Sachs and Novak, taking over, Gettysburg again took command. Sachs potted a long one, Harris netted a short toss and Lewis a hook shot to tie it up at 14-14. Zuckerman made good on a follow-up but Novak nullified that with a one-hander. Pure added an underhand shot and a follow-up, along with two charity shots, before Geoly got a peep. Lewis and Zuckerman matched shots, Harris and Foerster did the same at the foul line before Pure ended the first half scoring with an overhead tally. Gettysburg leading, 27-21.

Lehigh spurred in the opening minutes of the third frame. Geoly dribbled in to open the scoring. Sachs countered with a push shot and then Geoly counted on a stab. Russ Jones garnered a foul and Klucher a set shot. Harris scored on a pivot before Russ Jones made a technical, and Conway tied it up at 31-31 on a nice cut play. Lewis got a peep and Conway a one-hander before Sachs scored on a cut and netted a foul. March then added three fouls and tallied on a fast break. Geoly made a push shot before March dribbled in and Lewis got another hook shot to widen the gap to 45-35 as the period ended.

**Clinch Victory**  
A steady barrage of Bullet goals left no doubt as to the outcome in the final round. Morris made good on a free throw before March and Novak counted on one-handed stabs. Klucher added a set for the Engineers before Novak landed a goal, Harris scored on the pivot and March a peep. Nimmo and Boehner matched set shots, Novak collected a foul and Klucher added a pair of charity tosses for Lehigh. Boehner registered a one-hand shot as the all-Gettysburg five returned to action. Fissel and Ogden potted fouls and Geoly converted two for the opponents. Foerster netted a stab as Fair and Fissel racked up foul shots. Ogden netted a peep and Conway dropped a similar shot to close the scoring.

On Wednesday night the Bullets will tangle with LaSalle, victor in 19 of 22 court contests. At seven o'clock the St. Mary's Boys' club from York will tangle with the twice-defeated Bullet frosh squad in the preliminary.

## Utz Places Second In 60-Yard Event

Eddie Utz, Jr., son of Mr. and Mrs. Edward Utz, Biglerville, a student at Shippensburg State Teachers' college, took second place in the 60-yard dash at the sixth annual invitation indoor track meet at the University of North Carolina, Chapel Hill, N. C., over the week-end.

Utz copped the first heat in 6.4 seconds and the semi-final event in the same time. In the final the winner chalked up the same mark to cop the event, a late start hampering the Biglerville sprint star.

## N.O., SCOTLAND CLASH TONIGHT ON G.H.S. FLOOR

Another large crowd is expected to jam the Gettysburg high school gymnasium this evening when New Oxford, champion of the Adams County Scholastic Basketball league, clashes with Scotland Industrial school, Franklin county titlists, in one of the opening round games in the Class C, District 3 PIAA playoffs.

Doors to the gymnasium will open at 7 o'clock with the game starting at 8 o'clock. Adult admission will be 75c.

Coach Martin Flegal's New Oxford high lads were impressive here Thursday evening when they laced Bolling Springs 43-30 to cop the Adams county title. Their tight sliding-zone defense should cause the Soldiers plenty of trouble.

**Starting Lineups**  
Jack Horner, New Oxford, center, and Don Diehl, forward, each tower over six feet, while Ryno Miller, forward, is just about six feet. Their height more than makes up for the smaller statures of Charley Griest and Don Wentz, guards, two very fast and efficient performers.

Scotland will probably be favored in most circles due to having played a more difficult schedule but the New Oxford lads are conceding nothing.

Starters for Coach Marshall Frey's Scotland quintet will probably be Duffy and Valenteen, forwards; Eichler, center, and Del Ricci and Robison, guards.

The winner of Monday's tilt will meet the victor of the Hellam-Glen Rock game in a quarter final contest Thursday, March 4.

## Mountaineer Five To Play In Tourney

Top seeded Loyola college will face Mount St. Mary's in the first round of the Mason-Dixon conference basketball tournament which starts Thursday night at Evergreen, Baltimore.

The draw held Sunday at Loyola also pits Johns Hopkins against Hampden-Sydney in the same bracket with the Greyhounds, while American university meets Towson State Teachers' college and Randolph-Macon faces Catholic university in the other division.

In drawing Mount St. Mary's, Loyola has acquired the opponent it defeated, 60 to 54, in the finals of last year's tournament. The Greyhounds beat the Emmitsburg five twice this season, but the second time the margin was only two points, 58 to 56.

Mount St. Mary's was one of two teams that had to wait till the final night of the season to make the playoffs. By defeating Catholic U., 49 to 38, Saturday night, the Mounts gained fourth place in the conference, but had they lost they would have missed the playoffs.

## COLLEGE FROSH WALLOP HERSHEY QUINTET 71-46

With Walt Plechner and Frank Davidson scoring a point more than the opposition, the Gettysburg college freshman had little difficulty in disposing of Hershey Junior college at Hershey, 71-46 Saturday night at Hershey, to record their 10th victory in 12 starts this season.

Plechner, who is currently averaging about 22 points per game, continued his terrific scoring pace by tallying 24 points for the Little Bullets, while teammate Frank Davidson, a deadly left-hander, chalked up 23. Hank Beiber played his usual consistent floor game.

Hershey was never in the contest after the first period when they hopped off to a 14-13 lead as the Gettysburg yearlings outscored them in each of the next three periods and held them to but seven points in the final quarter.

## DIMAGGIO IS OUT FOR TITLE

St. Petersburg, Fla., March 1 (AP)—Joe DiMaggio has served notice on Ted Williams that he is out to wrest the American league's batting championship from the slugger outfielder of the Boston Red Sox.

The star centerfielder of the New York Yankees, who nosed out Williams for the league's most valuable player award last year, says he thinks a .350 percentage can do the trick. At least that is the figure he has set his sights on for 1948. Williams won the batting title last year with a mark of .343.

"I'm really looking forward to a fine year, one of my best," said DiMaggio yesterday. At one time or another Joe has led the league in batting, runs batted in, home runs, triples, hits and runs scored. "I feel as good right now as I ever have at the start of spring training in all my years with the Yankees," he said. "My arms and legs are in great shape. My weight is okay. I'm just itching to get a bat in my hands."

## Joint Vets' Council Demands 6 Hospitals

Harrisburg, Mar. 1 (AP)—The Pennsylvania joint veterans council demanded today that the erection of approved veterans hospitals in six commonwealth cities get underway "immediately."

The council, which claims a membership of 600,000 veterans, made public a resolution sent to high officials of the federal government and Pennsylvania members of Congress.

The resolution urged that the Veterans Administration "be required to proceed with its entire hospital construction program in Pennsylvania immediately and without chance in the plans and specifications of and for the various hospitals."

"To change the plans and specifications in order to reduce the cost of construction will make the hospitals inadequate and incomplete," the council said. It asked instead that the Veterans Administration, if necessary, "request Congress for additional funds to meet the additional cost of construction."

From 1909 to 1941, American expenditure for housing declined from about one-fourth of all consumption expenditure to about one-sixth.

### Electrical Workers Seek Wage Increase

New York, March 1 (AP)—The CIO United Electrical Workers, seeking "substantial" pay increases to meet the increased cost of living, open contract negotiations here today and tomorrow with the two largest electrical manufacturers in the nation.

Talks start today with the Westinghouse Electric corporation, second largest firm in the industry, and tomorrow with the General Electric company, the largest.

The union has not made public the amount of increase it will seek to cope with a claimed loss of \$13.03 in the weekly purchasing power of its members since 1945.

The New York Times said today it had learned that General Electric will oppose any increase for its 100,000 unionized employees.

# Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

**ONE HUNDRED YEARS AGO**  
**Death of Mr. Adams:** From the National Intelligencer of Thursday. The venerable Patriot and Statesman, John Quincy Adams, expired at the Capitol last evening. He lingered, to all appearance, insensible and unconscious, from the period of his attack on Monday until an hour after sunset last evening, when he gently breathed his last. Mr. A. attained his eightieth year in July last. . . . It will suffice for this brief notice to say that few men have filled a larger space or acted a more important part in the great civil affairs of their country; that few have commanded a higher admiration for abilities, or won a wider respect for unwavering integrity and a rigid adherence to his views of duty. His domestic character was not less bright than his public, and was truly above all praise and all reproach.

THE UNEXPECTED

A few weeks ago I remarked in this column about a little Stevenson book that was a great favorite of mine—the small "R.L.S." book, as it was called, long out of print. Well, a short time following I received a most appreciative letter from a reader of these talks, followed by a copy of that treasured volume—and beautifully hand bound in leather by her. I am sure my thanks to Edith Fowler Rawson of Glens Falls, N. Y., for this gift could not match my joy at such an unexpected event!

I wish that we didn't wait until some anniversary date to perform our surprises to other people. Why not think them up and send them when least expected? Then the thrill is double felt. I like to attend to my own mail at my office, for there are so many unexpected letters received that give a great lift to the day.

Many an employer has been deprived of a most valuable employee by not giving that unexpected increase in wage—some other employer "beating him to it," as the saying goes. Even a race horse goes better after a pat on the nose—perhaps just winning by that nose! One never can tell what the unexpected may bring forth.

A long time ago I gave my order to a book man to try and find a book that I wanted very much—one long out of print. I had forgotten all about that order. Then a few days ago the book came—a beautiful copy, signed by the author! That unexpected book was like a dozen smiles tossed happily into my working day. To a lover of books, also, nothing is more exciting than to uncover, unexpected, a book of absorbing interest that he never heard about.

That which keeps detective stories rolling off the presses is the fact that the ending is usually so unexpected to the reader, and so he is fascinated by these tales. It is this element of surprise in books that makes their reading so absorbing. It is the unexpected happiness in life that keeps us all hopeful.

Dr. Samuel Johnson once said: "Our brightest blazes of gladness are commonly kindled by unexpected sparks." It's the unexpected that gives the greatest stir to the mind. We remember events best when they arrive unexpectedly.

Tomorrow Mr. Adams will talk on the subject: "Drabness."

# FINDS WARNING IN CZECH CASE FOR FREE WORLD

By DEWITT MACKENZIE  
(AP Foreign Affairs Analyst)

Moscow's rape of Czechoslovakia brings Western Democracies face to face with the grim certainty that further concessions to Russia or her slave-states lead down the broad highway to disaster.

The reaction from the Chancelleries of Democracy show they are recognizing belatedly that they've been giving aid to their enemy on the battlefield—providing him with ammunition to use against them.

They are realizing that Russia meant it when she declared war to a finish against the democracies. They are learning tardily that there are times when even the exposure of the golden rule no longer can turn the other cheek but must stand up for himself.

**West Europe Menaced**  
On top of the joint American-British-French condemnation of the Red aggression in Czechoslovakia, we get an illuminating declaration from French Foreign Minister Georges Bidault. He told the National Assembly that the Communist seizure of Czechoslovakia menaces the liberty of the rest of Europe, and pushes the continent back to where it was when Hitler was climbing to power.

"An event of incalculable consequence," he declared, "has now rendered futile all efforts to liquidate Europe from an intense tyranny. x x x It is impossible to think that these maneuvers in the east can be pursued without leading to some change in the hearts of Frenchmen."

Bidault might well have been more inclusive in his remark that the liberty of Europe is menaced. The rest of the Western Hemisphere is menaced. The liberty of Asia is menaced. Let's be realistic for once and recognize that this Bolshevik drive is a world revolution—so described by Bolshevism itself.

As for Moscow, it is moving east to capitalize on its triumph in Czechoslovakia. Stalin is said to have reached for Finland already, notifying the little Republic that it should sign a pact with the Soviet Union similar to those linking Russia with its other satellites. And the Finns should sign quickly!!

# MANY JOBS OPEN IN PA. AGENCIES

Harrisburg, Mar. 1 (AP)—More than 1,000 jobs in eight state agencies will be thrown open to public competition in Civil Service examinations scheduled for April 10. The state Civil Service Commission said the jobs involved are secretarial, stenographic and typing.

The tests will establish new employment lists from which appointments will be made to "positions now held by persons with war-duration and provisional status."

The commission said that present job holders will have to compete with other applicants to retain their jobs. Special preference ratings will be given to war veterans. The deadline for application is March 19.

The starting salaries for the Civil Service jobs range between \$1,428 for senior typists to \$2,838 a year for principal secretaries.

Agencies having stenographers and typists with war duration jobs include: Department of Public Assistance, 600; Pennsylvania Liquor Control Board, 40; Bureau of Rehabilitation, state Board of Vocational Education, 40; state Civil Service commission, 14; state Council of Blind, Rehabilitation Section, 14.

The Bureau of Employment and Unemployment Compensation reported it has 779 stenographers and typists with most of them with provisional or war duration status. No data was available for the state Health Department.

# UN Has 11 Weeks On Palestine Case

Lake Success, Mar. 1 (AP)—The United Nations has exactly 11 weeks to make up its mind what to do about Palestine and get it done.

A deadline on wrangling over partition or alternate solutions was laid down by Britain, now responsible for the Holy Land as mandatory power. The British government has advised: "After May 15, 1948, the United Nations Palestine commission will be the Government of Palestine."

The five nation Palestine commission disclosed last night it had this memorandum from the British, reiterating a stand previously announced.

The British have said also that the last of their troops will be out of Palestine by Aug. 1. The new British note appeared to dispel hopes that London might agree to stay longer in Palestine pending some kind of acceptable solution.

# Urges Communists To Back Wallace

Philadelphia, Mar. 1 (AP)—"The Wallace party is the Communist Party," says William Z. Foster, National chairman of the Communist Party in the United States. Foster told a "Lenin Memorial meeting and concert" last night that his party would support Henry A. Wallace for the Presidency on a third party ticket.

He urged his audience to "lend all your efforts to build this new party regardless of what the AFL or CIO direct," adding, "with Wallace as our leader, the working man will have a voice in American politics."

Foster criticized the Marshall plan for European recovery as "a war plan to establish world domination by Wall Street."

Foster said the recent victory of a Wallace backed candidate in a New York Congressional election "sent a shiver of fear into the hearts of those reactionary Democrats and Republicans."

# HAMMERMILL STRIKE BEGINS

Erie, Pa., March 1 (AP)—Fourteen hundred production workers went on strike today at the plant of the Hammermill Paper company, one of the country's largest producers of bonded paper.

A picket line was established at the plant after the strike was announced last night by Pete McCagno, field representative of District No. 50, United Mine Workers.

McCagno said the workers are seeking a blanket 20 cent hourly wage raise. He did not disclose present wage rates.

A spokesman for the firm said negotiations between the company and union have been under way for the last three weeks, adding that the strike "came as a surprise to us. We thought everything was going along satisfactorily."

The plant employs a total of about 3,000 workers, McCagno declined to comment on whether clerical and other non-striking employees would be permitted to enter the plant.

# Democrats Will Try To Finish Slate

Harrisburg, March 1 (AP)—Pennsylvania Democratic leaders will make another attempt this week to agree on a party candidate for state treasurer.

State Chairman M. Warren Mickle called the leaders to meet tomorrow, only six days before the deadline for filing nomination petitions with the State Elections bureau.

"You hear a lot of names mentioned but nothing has crystallized," said one Democrat who declined use of his name.

Frank A. Boylan, of Carbondale, and state Sen. William Lane of Washington county, are the only avowed candidates for the place. Both were reported to be circulating nomination petitions throughout the state. Boylan is administrative assistant to Auditor General G. Harold Wagner and has that party leader's backing. Lane said he decided to enter the race after talking to numerous leaders throughout the state.

# NEW CABINET IN PRAGUE TO MEET TUESDAY

By A. I. GOLDBERG

Prague, March 1 (AP)—Czechoslovakia's new Communist - packed cabinet, whose leaders already have made broad promises to farmers and workers, will hold its first meeting tomorrow.

Some foreign correspondents were invited to meet this afternoon with the new cabinet members.

Vlado Clementis, under Secretary of State for Foreign Affairs, told a Communist Youth audience yesterday the foreign press "has started a campaign against us." He said it was the worst since that of Paul Joseph Goebbels, Hitler's propaganda minister.

**Reds Raise Goal**  
Communist premier, Klement Gottwald, addressing a farmers' rally, promised up to 120 acres for each of those working the land. He urged the output of more food to help workers fulfill an industrial two-year plan.

The Communist-controlled government radio had predicted Saturday that 130,000 farmers would take part in the rally. Less than a quarter of that number did.

Rude Pravo, Prague Communist newspaper, printed Gottwald's statement that the Communist party, in a drive for more members, had raised its goal from 1,500,000 to 2,000,000.

Most officials were pledging legislation for farmers and workers before the election. They did not say when the election would be. Gottwald told the farmers Czechoslovakia would not institute Russia's plan of collective farmers, known as kholkozes.

**Ousted Official Flees**  
Close friends confirmed today that Hubert Ripka, ousted minister of foreign trade, has left Czechoslovakia with his wife and two sons. The four were reported to have gone on legal passports stamped by the Ministry of the Interior. Their destination was not disclosed.

Laurence A. Steinhardt, United States ambassador, was asked about a story in the Sunday Times of London that he and the British and French ambassadors would quit Prague.

"I don't know anything about it," he said.

The Times and other British papers were on sale on newstands this morning. Among them were two on the Ministry of Information's list of 28 banned publications. Time and Life magazines, both banned, had disappeared from all newstands.

**PLANES FOR CHINA**  
Washington, Mar. 1 (AP)—A secret but once suspended agreement to arm China with 1,000 American warplanes is in full force again. The administration let this be known today in reply to Congressional critics demanding military help for Chiang Kai-shek's Nationalist armies, which are locked in battle with Communist forces. At least 936 planes already have been transferred to China.

In 1940 about ten per cent of the U. S. national income was paid to those engaged in agriculture and the manufacture of food, liquor and tobacco.

Ford City, Pa., March 1 (AP)—Glen Mohr, 32-year-old veteran who was blinded by an exploding land mine in France, has a new home today—the gift of friends in this Western Pennsylvania community.

The six-room house, especially equipped for Mohr's use, was presented to him yesterday at a ceremony while his wife and two children, William, five, and Cynthia, 18 months, looked on.

The house, built at a cost of \$15,000, was constructed with money raised in a drive conducted by the Ford City Veterans of Foreign Wars post.

# Moderate Quake Shakes Los Angeles

Los Angeles, March 1 (AP)—An earthquake of moderate intensity awakened residents throughout a pie-shaped belt of Southern California early today but apparently caused no damage.

It's greatest force was felt in the San Bernardino Valley, 40 to 60 miles east of Los Angeles. The quake was felt at 12:13 a.m. (Pacific Standard Time) with an aftershock a minute later.

The tremor, which shook homes and rattled window, was the second in 12 days. A severe quake jolted the Los Angeles area February 19.

The cities of San Bernardino, Riverside, Upland and Pomona all reported a fairly severe jarring tremor or this morning.

San Mateo, Calif., Mar. 1 (AP)—A towel left in the abdomen of a South San Francisco mother during a Caesarean operation two years ago has been removed in a recent operation here, Dr. Harold Marks, Community hospital superintendent, reported.

He said the woman was Mrs. Lillian Arthur, 30, wife of Frank Arthur, and the mother of six children. The Arthurs came here from Bremerton, Wash., last year.

The towel, 18 by 12 inches, bore the name of a Bremerton hospital, Dr. Marks said. It was removed by Drs. Henry Brown, E. F. Hansen and Lawrence Morton, the superintendent added, during the course of an operation for a double hernia.

## Long Harvest Vegetables Need Sowing Only Once

Vegetables which occupy the garden all summer, and yield continuously from the time they mature until frost ends the harvest, usually should be sown only once.

Hardy varieties should be put in the ground as soon as it has been prepared; and tender kinds should not be planted until the conditions are safe for them.

Here, as with the short-season crops, it is important to avoid sowing more than your family can eat, or put up for the winter. How can this be determined?

The table shows how much space each crop requires to produce one serving for a family of four. You must first decide how well you like each vegetable, and how often each week you will be glad to have it appear on the menu.

Broccoli, you will note, takes 2 feet of space in the row to provide one family serving. It should bear from July 15 until real freezing weather arrives in the fall. That means four full months, or thirteen weeks, in normal seasons—in the Chicago area. How often would you like broccoli to be served this summer on your table? Once a week? Then sow 26 feet of broccoli. Twice a week? Thirty-two feet will be required. And so with all the all-season vegetables.

Space estimates given in the table are based upon fertile soil, and should be increased if you doubt the quality of yours. And remember that in garden planning, you need not make everything fit the estimates to an inch, but can give and take, accepting the tables as a general guide, to enable you to balance garden yield with your family needs and avoid having wasteful surpluses of some crops, followed by scarcity of others.

### Garden Activities For Early March

Clean bird houses and set up new ones in preparation for the coming of the birds.

The pruning of trees should be completed before the sap starts to run. Order dormant roses for delivery when the soil is right for planting. Early spring is the ideal time to plant fruit trees. Place orders for them now for delivery at planting time.

## STEEL INQUIRY OPENS TUESDAY

Washington, March 1 (P)—Congress opens tomorrow its inquiry into the recent \$5-a-ton steel price boost, which already is under Justice Department scrutiny.

And in the meantime, the Federal Trade Commission has called 13 steel company executives to a hearing here next Monday on its charges of a price-fixing conspiracy in the industry.

The Congressional investigation is being handled by the Senate-House economic committee, which wants to know what effect the increase in semi-finished steel prices will have on the cost of living.

Representatives of United States Steel, Bethlehem Steel and Allegheny Ludlum will be the first witnesses.

In addition, Senator O'Mahoney (D-Wyo.) said yesterday he was ready to submit "conclusive evidence" that the \$5-a-ton boost is only one of a dozen increases put into effect by the industry this year.

### St. Lawrence Fight Will Be Continued

Washington, Mar. 1 (P)—Senate backers of the St. Lawrence seaway project voted today "to carry on the fight" despite their third defeat in 14 years.

After more than a month's debate on the bitterly disputed bill, the Senate voted Friday, 57 to 30, to send it back to the Foreign Relations committee for further study.

"This obviously means," Senator Aiken (R-Vt.) told reporters, "that the bill can't come up again this year. But the proponents are going to keep fighting for it until it does pass."

Senator Wiley (R-Wis.), another advocate, said there is "no question" that the bill will be reintroduced "as soon as practicable. We do not consider yesterday's action by the Senate a defeat," Wiley said. "It was simply a political maneuver that worked."

### FATAL ACCIDENT

Clinton, N. J., March 1 (P)—A man and his wife were killed yesterday in a crash between their car and a large truck-trailer on Route 28 five miles west of Clinton. They were identified as Mr. and Mrs. Raymond Stryker of Frenchtown. State police said the Strykers' car was crossing the highway from a secondary road when the crash occurred.

## These Crops Occupy Garden Space All Summer

This table shows the space in the garden row required to produce one serving for a family of four.

Lima Beans, 2 ft.	Broccoli, 2 ft.
Cabbage, 2 ft.	Celery, 1 ft.
Collards, 1 ft.	Egg Plant, 1 ft.
Kale, 1 ft.	Leeks, 2 ft.
Parsley, 1/2 ft.	Parsnips, 2 ft.
Peppers, 1 ft.	New Zealand Spinach, 1/2 ft.
Rutabaga, 1 ft.	Salsify, 2 ft.
Squash, 1 ft.	Swiss Chard, 1/2 ft.
Staked Tomatoes, 1/2 ft.	

now are gaillardia, delphinium, salvia, Vinca rosea, lobelia, dahlia, annual campanula, snapdragon, verbena, heliotrope, lantana and torzenia.

Vegetables like tomatoes, eggplants, cauliflower, early cabbage and broccoli can be started indoors if facilities are available.

Shade choice broad-leaved and other evergreens from the bright sun and strong winds of March.

Hardwood ashes are an excellent fertilizer for grapes, iris, delphiniums and roses. Keep them dry and apply as soon as cultivated starts.

Sterilizing the soil as well as the seeds prior to seed sowing is advisable to obtain best results.

If new pots are used in seed sowing, be sure they are soaked in clean water for a few days to eliminate any harmful products. Scrub old seed pans to remove all dirt and scum.

### Plant Sweet Pea Seed Soon

Sweet peas are among the most desirable annual flowers grown. Not only do they produce beautiful blooms, but their season of productivity extends, with proper cultural methods, until late summer. And varieties are so numerous among the shapes and shades that growers find no reason for omitting any of their favorite colors. Consideration of sweet peas is timely now because seed for early flowers should be planted within the next two or three weeks.

The ornamental sweet pea is, of course, a member of the legume family of plants like its close relative the edible garden pea. And like most other legumes, it requires a deeply mellow loam, well drained and fairly fertile. All-day sunshine is recommended. In fact, most failures with this plant occur where beginners or inexperienced growers give it a shallow soil where humus (organic matter) is lacking.

Practices to bring ordinary soils up to these mentioned standards for sweet peas are not difficult or costly. First emphasis should be placed on the fact that commercial fertilizers will not take the place of natural fertility or correct faulty drainage or overcome the evils of shallowness. All these factors must be attended either by choosing a naturally suitable loam or rendering the present unsuitable soil suitable for this otherwise easy-to-grow annual.

If the present soil is shallow, remove it to a depth of at least 20 to 23 inches and substitute fertile fence row or garden loam. Or if the present soil merely lacks mellowness

to the recommended depth, it may be improved by mixing enough rich loam with it to the depth required. Well decomposed manure (finely pulverized) may be used to increase the organic matter content of heavier types of loam.

And again, like most other legumes, sweet peas demand an alkaline soil reaction. If there are any doubts on this point, the soil should be correctly tested for requirements or lime should be worked into the surface soil a few weeks before planting time.

Causes of sweet pea failure emphasize the importance of soil alkalinity as well as offering keys to other cultural steps. Listed in probable order of their importance the causes of failure are: (1) Hardness or shallowness of soil; (2) Poor drainage; (3) Acidity; (4) Lack of moisture, especially during the blooming season; (5) Plant lice; and (6) Lack of proper inoculation of seed. Of course, deficient plant foods is quite logically implied in the first listed causes.

Make the first planting as early in March as soil and weather conditions permit. Many growers even start a few extra early plants in small fruit baskets in a sunny cold-frame or hotbed and transplant them (without disturbing the roots)

## SOIL MUST NOT BE TOO WET OR DRY FOR SPADING

One of the first maxims beginning gardeners are likely to hear is: "Never work the soil when it is wet." They often have to learn by their own experience, the hard way, that it is difficult, often impossible, to work most soils when they are too dry.

There is a point in between when the ground is neither too wet, nor too dry, and any garden task can be performed with a minimum of exertion and a maximum of benefit.

to their growing site after soil is easily worked in late March or early April.

It is a wise practice to so prepare planting soil that seed can be planted somewhat below the surrounding level. Later, after growth develops, soil is cultivated around the plants thereby giving them a deeper rooting to avoid the rigors of droughts.

Plant lice can be completely controlled by killing them off as soon as they appear. Nicotine sulfate in soapy water is the regulation insecticide.

The editor invites all questions readers wish to ask him on the culture of this fine ornamental.

fit, so far as working the soil is concerned. Spading, cultivating, sowing seed and transplanting seedlings all are tasks most easily and efficiently performed when the soil is just right.

To determine this point requires neither practice nor experience. Just pick up a handful of the soil and pat it between the hands. If it makes a mud-pie, the soil is too wet. But if it crumbles in your hand, and still is a little moist, then go right ahead with the operation you had planned.

The greatest harm caused by working soil too wet is caused in the early spring by spading wet soil. Instead of loosening the soil, letting in the air, and preparing a good seed bed when roots will penetrate, this is likely to create clods which cannot be broken up all season. It is much better to wait until the soil is ready, even though it may delay planting quite quickly.

Sandy soils dry out more quickly than those containing considerable clay; but they are often even harder than the clay when they get too dry. And the heaviest clay can be worked with comparative ease, and

will crumble under a blow from the spade, when it is slightly moist, but not wet enough to be sticky.

When globe radishes grow into an oval shape, the fault is probably not in the seed, but in dry weather, which causes the roots to elongate in search of water.

Revival of Victory garden organizations throughout this country is urged by the U. S. department of agriculture.

Don't sow seed indoors too early. If plants grow too big before it is safe to set them in the garden, growth will be checked.

JEWISH GROUP ADMITS SETTING SUNDAY BLAST

By CARTER L. DAVIDSON  
Jerusalem, March 1 (AP)—The Stern Gang said today it set the triple blast which wrecked three railroad sleepers yesterday, killing 28 British troops and injuring 33.  
"This is our answer for last Sunday's Ben Yehuda street crime," the Jewish underground group declared. It referred to the Jerusalem bombing which killed 54 Jews on Feb. 22.  
Haganah, Jewish militia, said it had "unconfirmed reports" that British troops had arrested 24 Jews at Mikve Israel, near Tel Aviv, last night and had "turned them over to an Arab mob as retaliation" for the train attack.  
A police source in Jerusalem said it had reports the 24 Jews were taken by soldiers from a spirits factory at Mikve Israel and released in all-Arab Jaffa.  
Lt. Gen. G. H. A. MacMillan, commander of British forces in Palestine, said three mines shattered the wooden troop cars near Rehovot, 15 miles southeast of Tel Aviv. They were jammed with soldiers returning from leave in Cairo.  
MacMillan said a fourth mine failed to go off. Had it exploded, he said, the toll might have been 50 or more. Sappers who dismantled the dud said it contained 100 pounds of explosive and was connected by a 40-yard wire to an electric plunger.  
The explosion climaxed a day of scattered violence in the Holy Land. Sunday's communal fighting and sabotage throughout the Holy Land claimed 67 lives all told. The new deaths brought to 1,511 the unofficial toll since the November 29 decision of the United Nations to partition Palestine.

Littlestown

Littlestown—A letter was read on Sunday morning in St. Aloysius church by the pastor, the Rev. Fr. John H. Weber from his excellency, the most Rev. George L. Leech, bishop of Harrisburg, making an appeal for the annual offering for the Bishop's Fund of the United States for the relief of the victims of the war. The offering received last Sunday by the Sisters of St. Augustine for their missions in the Philippines and China amounted to \$120.31. Tuesday at 7:30 p. m., there will be a short sermon and the Benediction of the Blessed Sacrament at the evening service. The adult instruction class will follow the evening service. The pastor will hear confessions before mass on Wednesday morning from 7:30 to 7:55 and mass will follow at 8 a. m.  
Mrs. Bernard Shadle, daughter Sandra and son, William, East King street, spent the week-end with her father, Jesse Wiles in Frederick, Md.  
Roscoe W. Rittase, East King street, visited Estle R. Kiser on Sunday afternoon, who is a patient in the veterans hospital at Fort Howard, near Baltimore.  
Mr. and Mrs. Harry C. Shriver and daughter, Ann, Bethesda, Md., spent the week-end with the former's parents, Mr. and Mrs. E. S. Shriver, West King street, and the latter's parents, Mr. and Mrs. D. D. Beschoar, East King street.

Miss Mary Kay Crouse, daughter of Mr. and Mrs. Robert L. Crouse, North Queen street, student at East Stroudsburg State Teachers' college, spent the week-end with her parents. James Wehler, student at the Pennington school, of Pennington,

N. J., spent the week-end with his parents, Mr. and Mrs. Melvin Wehler, near town.  
Mrs. Charles Elmerbrink, Hellam, is spending a week with her sister, Mrs. Howard G. Blocher, West King street.  
Miss Marion Bankert, student at the State Teachers' college, Indiana, Pa., spent the week-end with her father, Clarence O. Bankert, Prince street.  
The funeral services for Noah H. Spangler, 77, who died at his home near the Hoffman Orphanage, Friday at 2:30 a. m., were held Sunday afternoon at the J. W. Little and son funeral home, Littlestown, in charge of his pastor, the Rev. Frank E. Reynolds. Interment was in the St. James Reformed church cemetery along the Harney road. The pallbearers were C. C. Childs, Clarence Myers, Albert Krug, Harry Baker, Allen Walker and Charles Mackley.  
The funeral services for Mrs. Elizabeth M. Lansinger, 87, widow of Seward Lansinger, who died at the home of her sister, Mrs. Sarah Wilt, 305 1/2 Third street, Hanover, Friday at 4 a. m., were held this afternoon at the J. W. Little and son funeral home, Littlestown, in charge of her pastor, the Rev. William H. Banks, pastor of Grace Reformed church, Hanover. Interment was in the Mt. Carmel cemetery, Littlestown. Mr. and Mrs. Lansinger were former residents of the vicinity of Littlestown. The pallbearers were four nephews, Alexis Critzman, Gettysburg; Thomas Wilt and William Wilt, Littlestown, and Walter Kralin, Washington.  
Grover C. Maus, a teacher in the Pennington School for Boys, Pennington, N. J., spent the week-end at his home on South Queen street and also visited with a number of his friends and relatives.  
It is interesting to note, as one walks along the pavements of Littlestown, the variety of articles that have been put into use as coverings for the mud, where the pavements

have been torn up on account of sewer installations. Old carpet, shutters, doors, boards, cartons secured from the grocery store, are amongst the articles being used, the most popular of which, are the cartons. The citizens of Littlestown will be very glad when the sewer project has been completed not only because of the urgent need for the sewer system, but also in order that the pavements and streets can be made safe again for walking and traveling.  
The second public "500" card party of the Mason and Dixon Memorial post, No. 6954, VFW, was held in the post home Friday night. There were 22 tables. TRY SOFT PEDAL ON DIXIE BOLT; BLAST WALLACE

Washington, March 1 (AP)—The Truman administration tried today to deflect some of the heat of the southern Democratic revolt by turning new fire on Henry Wallace's third party.  
This strategy, as outlined by a party official who asked not to be named publicly, is to try to minimize intra-party differences over the President's civil rights program. Many of the southerners are as opposed to Wallace and what he stands for as they are against Mr. Truman's racial views. Thus on the Wallace score, at least, they think alike with the National Democratic organization leaders.  
Senator McGrath of Rhode Island, the Democratic National chairman, sounded the new administration note in a week-end speech at Indianapolis. He said "a third party has as much place in American politics as does a third party on a honeymoon."  
Connally Shift  
McGrath added that if Wallace president, Mrs. Mabel Patterson, East King street, Mrs. Lloyd Humbert is the teacher.

goes on with his campaign he and his supporters "will either waste their votes or x x x give aid and comfort to reactionary candidates."  
Administration supporters thought for a time they had a potent southern ally in their new party strategy. That was because Senator Connally of Texas also aimed his main fire at Wallace and steered clear of the civil rights issue in the formal address he prepared for a Jefferson-Jackson Day dinner at Raleigh, N. C.  
But Connally, one of the few southerners who didn't boycott the party dinner here last month which Mr. Truman addressed, apparently changed his mind on the way.  
Vandenberg Boom  
He departed from his advance text to take strong issue with the President's call for anti-lynch, anti-poll tax and anti-job discrimination laws.  
Declaring that Mr. Truman's civil rights program threatens a "lynching of the constitution," the Texas senator added: "we shall resist it. We shall not take it lying down."  
In other political developments, supporters of Senator Vandenberg for the GOP presidential nomination took heart at word that the Michigan Senator has decided to quit trying to keep his name off the ballot in Nebraska's April 13 preferential primary.  
Vandenberg is one of more than a score of party leaders who endorsed a drive today to form young Republican clubs on the nation's 1,730 college campuses.

Now...once again  
it's Red Cross Time!

Out of human suffering the Red Cross was born.

At the scenes of human suffering the Red Cross takes its place.

Emergency is its call to service. The unpredictable disaster — the uncontrollable flood and raging fire, the stealthy epidemic — when these strike, your Red Cross quickly reaches the victims, to comfort, sustain and restore.

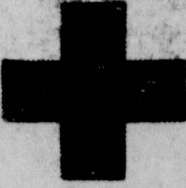

The Red Cross must be prepared to spring instantly into action, any time, anywhere.

And the Red Cross will be ready. It will be ready because your generous dollars always have made possible its merciful work.

For the sake of the unsuspecting thousands who will be stricken this year...for the sake of those destined for injury and anguish...the Red Cross now turns to you.

It's March — and Red Cross time. This is the annual appeal the Red Cross makes so that your humanity may be spread throughout the coming year, among all — irrespective of race, color or creed.

You'll help again, won't you?

what he thought were two lost sacks of plumbers' fittings.

He had brought them home and stored them safely in his closet, she said, but didn't get around to checking them until Saturday night. Then he tore a small hole in the sacks and found they contained not plumbing equipment but \$7,864 in cash.

Police and a worried armored car driver had been hunting for the two sacks since they were reported missing somewhere along the route from the Guarantee Trust company building to the Claridge hotel.

The driver said it might have bounced out when he jammed his vehicle to a quick halt in the downtown traffic. All he knew, he said, was that it was gone.

Police Detective Robert O'Keefe said the surprised Barone would receive a good-sized reward for the return of the two bags.

## Rites Wednesday For Mrs. Keck

Harrisburg, March 1 (AP)—Funeral services will be held in Altoona on Wednesday for Mrs. Edna M. Keck, whose death occurred in Sarasota, Fla., on Saturday where she was on vacation from her post with the state Health Department.

Mrs. Keck was chief of Bureau of Public Health Education from 1939, when she was appointed by Governor Arthur H. James, until her death. She served continuously under Governors Edward Martin, and James H. Duff.

Prior to taking the Health Department post Mrs. Keck was president of the Women's Auxiliary of the Medical Society of the State of Pennsylvania. Following the funeral services at Altoona, Mrs. Keck will be buried at State College, Pa.

She is survived by her husband, Dr. Augustus S. Keck, a daughter, Elizabeth, a son, William, her mother, Mrs. Ella Mullen, a brother, Leo Mullen, all of Altoona, and another brother, Dr. James Mullen, of Chambersburg.

## Officer Loses Life In Fort Dix Blaze

Fort Dix, N. J., March 1 (AP)—A fire in a frame two-story bachelor officers' barracks cost the life of a 26-year-old lieutenant and injured two others yesterday at this sprawling military reservation.

The body of Lt. Wallace L. Adams of Etowah, Tenn., was found beneath his bunk after fire was extinguished. Authorities said he had suffocated.

The building is one of the army's standard officers' quarters barracks. Army officials said only about 10 of its 40 rooms were occupied at the time the blaze was destroyed. Cause of the fire is yet undetermined.

Philadelphia, March 1 (AP)—The Rev. Elwin C. Clark, 27, pastor of Greenwich Presbyterian church, died yesterday. He had been a missionary in Africa before coming here in 1946.

## AREA TO SELL APPLES TO U.S. FROM HOLDOVER

Despite the "give-away price" forced on them by competitive bidding, apple growers in the Appalachian area—which includes York, Adams and Franklin counties—probably will sell the government approximately 150,000 bushels of last year's hold-over apple crop.

The sales reportedly would have been four or five times that amount if the Production and Marketing

administration had not limited its purchases to export-size fruit.

Price the farmers will get from the government probably will be \$1.75 per bushel—nearly four dollars less than what the apples are selling for at retail in local markets.

**Unpopular With Growers**  
John Peters, head of the Cooperative Fruit Growers of Adams county, said Saturday that the original reason for the growers' request for government assistance was the loss of European markets.

According to Peters the government's Production and Marketing administration agreed to purchase \$2,400,000 worth of apples from the lowest bidders.

This method of purchase apparently is unpopular with the growers,

because it deprives them of any guarantee that their particular region will get its "quota" of government money.

**Limit Size of Fruit**  
Limited in funds, the Production and Marketing administration agreed to compensate the growers for the loss of their foreign markets by buying exportable apples. This means they are buying only 2 1/2- to 2 3/4-inch fruit.

The result of this limitation probably will be to shrink the quantity of apples offered for sale from a possible maximum of 8,000,000 bushels to less than a million-and-a-half. It will exclude New York and the Midwest altogether.

Apple growers were asked to submit bid prices to the Fruit and Vegetable branch, Production and Marketing administration, in Washington no later than yesterday.

**West Faces Shipping Extras**  
The Northwest is expected to be this area's biggest competitor when the bid prices are opened. Reliable estimates given here yesterday predicted a bid price of \$1.50 from the Northwestern growers. Addition of shipping charges, however, will bring their prices closer into line with the Appalachian area.

This factor probably will enable the Virginia, West Virginia, Maryland and Pennsylvania growers to dispose of all the fruit that falls under the strict size limitations.

Their offering will still be rather light, however.

Peters said he knew of only about 25,000 bushels offered from Pennsylvania. PMA officials at York said they knew of no offerings from York county.

Northwestern growers originally indicated their willingness to sell as many as 1,400,000 bushels. Their sales probably will be little more than half of this amount.

## SAYS FRANCO TO GET LOANS HERE

London, March 1 (AP)—Spanish Republican sources declared today United States policy is being revised to permit private loans to Generalissimo Franco's anti-Communist government of Spain.

These informants, who are opponents of Franco, declined to be quoted by name. But they said they had learned from underground sources that Spain will soon try to borrow \$200,000,000 in the United States and that Franco is confident the money will be granted.

They said their information was that a banking mission would leave Spain within two weeks to arrange the credit with private United States banks. The reported change in the official attitude of the United States was attributed to a fear that, without help, the Franco government might fall and open the way for a pro-Communist regime.

The money would be used to help Generalissimo Francisco Franco, Spanish chief of state, out of economic difficulty, the informants said.

They added it would be granted ostensibly without any change in the U. S. State Department's stand against the generalissimo.

Pittsburgh, March 1 (AP)—If the stark thought he was going to get another day rest when Leap Year Day fell on a Sunday—he knows better now. Yesterday he shuttled from hospital to hospital delivering 65 babies, including a set of twins. Top "housing" honors went to Allegheny general hospital which had 14 new babies in its maternity ward.

## PLAN ACTIVITIES AT MONT ALTO

Expansion of rehabilitation activities at the Mont Alto State Tuberculosis sanatorium at South Mountain, was announced over the week-end by State Health Secretary Dr. Norris W. Vaux.

In co-operation with the Pennsylvania Tuberculosis society the department is starting a three year program designed to enable TB victims to earn their living with a minimum of handicaps after leaving the sanatorium.

Charles McClain, of the National Tuberculosis Association, will direct the program with the assistance of state employees assigned to the rehabilitation project.

"Too many patients leave the sanatorium against medical advice," Doctor Vaux said, "and fall to re-adapt themselves to a mode of living that is within their physical limitations, thus leading again to breakdown."

Doctor Vaux outlined the objectives of the new program as: 1. Help patients solve problems resulting from "the long period of hospitalization and cure." 2. Develop recreation activities to aid patients' morale; 3. Provide vocational counseling and guidance; 4. Establish medically supervised pre-vocational training; 5. Help physicians and nurses provide health education for patients and their families.

Chicago, Mar. 1 (AP)—Paul Dillon, St. Louis attorney and one-time campaign manager for President Truman, has been served with a subpoena to testify before a Federal Grand Jury investigating the paroles of four former Capone gangsters. This was announced today by Otto Kerner, Jr., United States District Attorney in Chicago.

There was one physician for every 750 Americans in 1940 compared with one for every 578 in 1900.
